

# COULD YOU BE A CHAMPION-AT LEARN-AT?

Are you looking for an opportunity to gain more skills and develop yourself?

Or are you curious about the future of technology and want to learn more?

Learn-AT is giving all colleagues the chance to achieve the Level 3 Digital Champion: Education qualification. As office staff your role is dependent on your IT literacy, in a role where you use computers day in, day out. This qualification is the ideal opportunity for you to optimise your skills and gain knowledge that will give you the edge in an office based role.

This 12 month blended learning course will take you on a practical journey of digital development and transformation. Learning will take place online in small groups with a dedicated work-place coach, with flexible timings based on your role.

By taking part in the programme you can:

- Improve your future employability prospects
- Gain skills that will support you in your role
- Reduce your workload and increase efficiencies
