

COULD YOU BE A CHAMPION-AT LEARN-AT?

Are you passionate about all things digital and want to support the children and staff in your school to improve their outcomes?

Or are you curious about the future of technology and want to learn more?

Learn-AT is looking for exceptional school leaders to drive the delivery of digital transformation in all areas of their schools as a Digital Change Leader.

This 12 month blended learning course will challenge you to transform your institution. Through carefully selected modules, you will gain the skills to be able to understand and plan for the role of technology within your own school to:

- Enhance teaching and learning
- Reduce workload
- Support accessibility and inclusion
- Narrow the digital divide
- Support learners on future digital careers so that they can improve outcomes for students and all members of the community.

Register your interest [here](#) to find out more!

"I can highly recommend this apprenticeship to anyone but especially senior leaders who really want to move the teaching and learning on for the children at their schools."
